

THE FACTS OF LIFE

"For You made my whole being, You formed me in my mother's body. I praise You because You made me in an amazing and wonderful way. What You have done is wonderful. You saw my bones being formed as I took shape in my mother's body. When I was put together there You saw my body as it was developing."
Psalm 139:13-15
(International Children's Bible)

These three photographs of unborn children capture just a glimpse of the marvelous reality that GOD sees during the formation of each new child within his or her mothers body.

THE CULTURE OF DEATH

Life is an amazing gift GOD has given to us. Lamentably, in the culture of violence and death permeating our planet, this gift is often rejected. With around six billion people on our planet today there is often a very callous and apathetic attitude toward the lives of others. We often see our own life, and the lives of those close to us, as valuable and the lives of others as expendable.

Since we do not see unborn children as they grow in their mother's womb (except through ultrasound) or hear their heartbeats (like the doctors do), we find it easy to dispose of them if we do not want them. **The culture of violence and death has invaded the womb.**

**The cost of an abortion:
1 DEAD
1 WOUNDED
1 CRITICALLY ILL HEALTH SYSTEM
1 SICK SOCIETY**

Do you realize that everyday there are tens of thousands of babies, like those in these photographs, whose lives are being destroyed by abortion? The most lethal weapons of mass destruction today are those being used against the innocent unborn.

This genocide of the unwanted has become an everyday occurrence in our world. The sheer number of those being eliminated numbs our senses, but does not diminish the reality that these are human lives created by GOD.

As was predicted thirty years ago by many pro-life advocates, this culture of death is now moving on to euthanasia of the incurably ill and severely handicapped. The right to choose to eliminate unwanted unborn children is now being expanded to include other categories of un-wanted people.

For more information on abortion and euthanasia check out the web sites of pro-life organizations. Here are just a few sites, some of which document the graphic reality of the sacrifice of unborn children:

Abortion is not the unforgivable sin. GOD in His mercy through His SON JESUS CHRIST will forgive and bring healing and peace to all those who repent of their sin and trust in Him.

**A CHILD! A MIRACLE! A BLESSING!
AMAZING!**

**Call it choice
or call it murder.
You certainly can't call it
medicine.**

Of the more than 110,000 abortions every
year in Canada most are done
for non-medical reasons
on perfectly healthy babies
and perfectly healthy women.

Choose life!
Children are a
Gift!
